Dear Ms. Seufert:

This response pertains to the Reports Analysis Division's ("RAD") Request for Additional Information ("RAI") dated December 20, 2015, concerning Right to Rise USA's ("RTR") 48-Hour Independent Expenditure Report filed on December 10, 2015. In the RAI, RAD requests that RTR "amend the 48-Hour Report by providing the state" for national cable independent expenditures made on December 8, 2015. These were expenditures for a national cable media buy on the Fox News network that were not specific to any state. Unlike broadcast media buys made on a local-affiliate basis, these buys were aired to every Fox News cable subscriber nationwide. A combination of differing pricing models and the fact of national airing makes it impossible to itemize such a buy on a per-state basis. We urge the Commission to provide clarity to groups participating in the 2016 Presidential primary elections and adopt a reasonable interpretive rule governing these types of national advertisements.

Please feel free to contact me if you have any additional questions concerning this matter.

Sincerely,

Charles R. Spies
Treasurer
